## Digital Watchdog® Launches Blackjack® DX™ Slim Desktop Servers

The servers are customizable with optimal RAM and choice of processor to match any application and installation size.

*DW® Blackjack DX™ Slim Desktop Servers.*

**Cerritos, CA (February 20, 2023)** – [Digital Watchdog® \(DW\)](#), the industry leader in digital recorders, surveillance cameras, system peripherals and related management software, announces the launch of the new Blackjack DX slim desktop servers. The new servers are ideal for businesses looking to maximize their investment and get all the benefits of the market's leading VMS in a compact desktop server.

Blackjack DX slim desktop servers are reliable and high-performance solutions for viewing, monitoring and recording multiple IP cameras of any resolution at up to 360Mbps throughput. The servers are NDAA and TAA compliant and include Windows 10® or Linux® Ubuntu® OS. Hardware features include an Intel® processor, dual network cards and local video outputs at up to 4K resolution. The servers come pre-loaded with DW Spectrum® IPVMS and four complimentary recording licenses, provide up to 20TB internal storage, are ONVIF conformant and come with a 5-year limited warranty.

“DW takes pride in providing the best solution for the specific application,” said Mark Espenschied, Director of Marketing, DW. “The Blackjack DX is the perfect choice for installations where integrators or architects might have previously thought a Blackjack server with DW Spectrum was out of reach.”

## Product Features:

- Supports all ONVIF conformant IP cameras
- Storage options 2-20TB internal storage\*
- Record and manage single- and multi-sensor IP cameras of any resolution up to 360Mbps throughput\*
- Intel processor\*
